

Digital TV Antenna with 4G/5G Filter & Snap Lock Corner Screen UHF (28-51) 10 Elements O2MM-GX400PS

For the Best

The O2MM-GX400PS is a ten element UHF Yagi style antenna receiving channels 28-51. The antenna features snap-lock corner reflectors for quick installation and a built-in 694MHz low pass 4G/5G LTE filter with 50dB filtering at 750-820MHz to help eliminate interference and deliver you the best possible pictures for your viewing. Made in Australia and constructed from high-grade aluminium with UV stable plastics, the GX400PS is perfect for the harsh Australian environment. The GX400PS is ideal for use in metro and rural UHF broadcast zones and is suitable for horizontal and vertical installations. The GX400PS comes in a convenient five-pack..
