

Digital TV Antenna VHF (6-12)

4 Elements (Bag)

03MM-DR3004PB

For the Best

The 03MM-DR3004PB is a four-element Yagi-style antenna receiving channels 6-12 with a maximum gain of 7dB. The antenna features a 4G/5G LTE filter built in to help eliminate interference and deliver you the best possible pictures for your viewing. With the elements constructed from a heavy-duty 12.7mm extruded aluminium tube, the DR3004PB is well designed to handle the harsh Australian environment. The DR3004PB is suited for high signal metro band three reception areas, including the reception of DAB+.
