

# Digital TV Antenna VHF (6-12) 10 Elements O3MM-DR3010

*For the Best*

The O3MM-DR3010 is a ten element Yagi style antenna receiving channels 6-12 with a maximum gain of 9.5dB. The antenna features a 4G/5G LTE filter built in to help eliminate interference and deliver you the best possible pictures for your viewing. With the elements constructed from heavy-duty 12.7mm extruded aluminium tube, the DR3010 is well designed to handle the harsh Australian environment. The DR3010 is perfect for medium to long-range reception in metro or country regions for band three reception.
