

Recessed Wall Point O4MM-RP01

For the Best

The O4MM-RP01 is a recessed wall point used to house outlet plates such as power, TV, A/V, data points and all general purpose outlets. Matchmaster's recessed wall point is simple to use with its cut-out template provided and the smart folding wall clips to lock the unit in place quickly. The RP01 is ideal for use behind kitchen appliances, A/V cabinets, flat-screen TVs, bedroom furniture, and any appliance flush against any wall.

Australian design registration numbers: 201815617, 201815619, 201815620 and 201815621

New Zealand design registration numbers: 425766, 425767, 425768 and 425769
