

100m Premium 2 Core Speaker Cable

04MM-SPK15-100

The 04MM-SPK15-100 is a 16AWG figure 8 speaker cable made from high-quality 100% oxygen-free copper. The cable features a red stripe tracer indicator on one side to easily identify and connect without accidental cross-pol. The SPK15 is well suited for connecting surround sound floor, wall, and ceiling speakers. The cable comes on a 100m reel, making it suitable for the whole home or building pre-wiring for multiroom audio and entertainment solutions.

Features and Benefits

- » 100m length
- » 100% copper, oxygen-free
- » Includes a red stripe tracer to identify polarities
- » Suitable for high-powered surround sound systems
- » 16AWG figure 8 configuration
- » Also available in 10m roll (04MM-SPK15-10)

04MM-SPK15-100 Specifications

Construction		
Conductor	Cores	2C
	Material	100% Copper Oxygen Free
	OD	16AWG (48/0.19mm + 0.005mm)
Sheath	Material	PVC (ROHS)
	Colour	Transparent (one core with red strip)
	OD	7.2mm * 3.6mm
	Thickness	1.1mm ± 0.05mm
Basic Characteristics		
Impedance		12.5Ω/KM
Voltage		300V
