

1m RG59 Tri-shield 'F' Male to 'F' Male Flylead 05MM-FL1000

The 05MM-FL1000 is a sturdy RG59 flylead designed to connect between the wallplate and the TV and can be used with any of our 08MM-Axx adaptors, making it a very versatile interconnect. 1m is the ideal length to use with our 05MM-WPxx series wallplates, our 04MM-RPxx/HMH01 series enclosures, and the TV panel.

Features and Benefits

- » HDTV compliant
- » Coaxial cable provides three layers of shielding for extra protection from ingress and remains flexible.
- » Designed to be used to connect any 'F' type products for secure connection and used with any of our 'F' type adaptors 08MM-Axx
- » A 1m short length helps avoid cable management issues.
