

**'F' Female to IEC (PAL) Female Adaptor  
(20 Pack)  
08MM-A4**

The 08MM-A4 is an 'F' type female to IEC (PAL) female adaptor, which adapts any 'F' type male connector to a PAL female connection. In addition, the A4 can adapt lead ends ready for connection to IEC (PAL) male receivers (tuners, FM 75 Ohm connections, etc.) or any other application where you need to convert an 'F' type male connector to a PAL female connection.

**Features and Benefits**

- » Used to convert 'F' type male connectors to IEC (PAL) female
- » No tools required
- » High-quality nickel-plated finish for long-life corrosion resistance
- » All metal construction for durability
