

RCA Female to 'F' Male Adaptor (10 Pack) 08MM-A9

The 08MM-A9 is an 'F' type male to RCA female adaptor, adapting any 'F' type female connector to an RCA female connection. In addition, the A9 adapts lead ends or bulkhead connectors ready for connection to RCA male connectors or any other application where you need to convert an 'F' type female connector to an RCA female connection.

Features and Benefits

- » Used to convert 'F' type female connectors to RCA female connections
- » No tools required
- » High-quality nickel-plated finish for long-life corrosion resistance
- » All metal construction for durability
