

IEC (PAL) Female to BNC Male Adaptor 08MM-B1

The 08MM-B1 is a BNC male to IEC (PAL) female adaptor, connecting to any BNC female connector to a PAL female connection or vice versa. In addition, the B1 can adapt lead ends ready for connection to IEC (PAL) male receivers (Tuners, FM 75 Ohm connections etc.) or any application where you need to convert a BNC female connector to a PAL female connection.

Features and Benefits

- » Used to convert BNC female connectors to IEC (PAL) female
- » BNC male with twist lock for durability and secure connection
- » No tools required
- » High-quality nickel-plated finish for long-life corrosion resistance
- » All metal construction for durability
