

# Compression Tool 'F' Connectors with Extended Plunger 08MM-CT01S

The 08MM-CT01S is a professional 'F' type compression tool for RG59, RG6 and RG11 compression connectors. The CT01S features an extended plunger (17mm) for use with compact connectors like the 08MM-QM06S and APFCF-RG6. The CT01S plunger is adjustable to different depths to fit many different sleeve style 'F' type compression connectors making it the perfect tool to keep in your kit.

## Features and Benefits

- » Extended 17mm plunger for compact compression connectors (08MM-QM06S)
- » Cost-effective professional tool suitable for RG59, RG6 and RG11 'F' compression connectors
- » Single-handed efficient compression in one action
- » Non-slip PVC handle
- » The ideal tool for speed and ease when working with 'F' type compression connectors
