

RG6 'F' Type Crimp On Connector (100 Pack) 08MM-F6M

The 08MM-F6M is an 'F' type male crimp connector for RG6 75 Ohm coaxial cables. The F6M is perfect for use with Matchmaster's 06MM-E6T and E6Q series cables for making interconnecting cables or fly leads. The F6M is the perfect low-cost connector to keep in your kit. The F6M comes in a 100-pack and is perfectly matched with our 08MM-CT611 hex crimping tool.
