

Hockey Stick Stay Bar Collar (25-32mm) 11MM-HC01

Matchmaster

For the Best

The HC01 is a stay bar collar designed for use with masts between 25 to 32mm in outer diameter. The HC01 is commonly used with shorter roof masts and hockey stick mounts when fastening back to a metal or concrete surface. They are made from galvanised steel products for long-lasting and durable installations. Standard accessories (sold separately) used with HC01 include Matchmasters 11MM-HSS4FT, HSS6FT and HSS8FT stay bars.

Features and Benefits

- » Used to connect and support stay bar to mast
- » Dual lock on bolts for extra stability to prevent shifting
- » Compact, simple design
- » Galvanised finish
- » Heavy-duty construction
