

# LC/APC Duplex Fibre Adaptor Joiner 20MM-FPA4

The FPA4 joiner is best suited to joining 2/4 LC/APC patch leads, allowing several combinations of patch leads for testing fibre networks.

## Features and Benefits

- » Perfect for adapting LC/APC to SC/APC, LC/APC to FCC/APC etc.
- » The application includes data networks, telecommunications, optical switch networks, industrial and medical
- » Precision ferrules ensure a consistent low loss
- » Test reports provided with each adaptor
