

Blanking Plate for 20MM-FPP3P 20MM-FPP-B-BLANK

For the Best

Features and Benefits

- » Designed to cover hole in 20MM-FPP3P-SHELF
- » Push rivets include for ease of installation

Fibre Optics

Matchmaster provide an extensive range of IP and fibre solutions for RF overlay and distribution. Simple IP solution using SAP protocol without the need for middleware through to advanced hospitality solutions. Simple fibre solutions for CATV and L-band in 1310nm and 1550nm wavelengths including DWDM solutions for 5 wire over single fibre distribution.
