

PoE Security Kit with 8CH AI 4K NVR with 2TB HDD, 4 Turret 6MP Cameras **50MM-KD004**

The KD004 CCTV security kit is a complete plug-and-play solution for home and business security. Featuring an 8-channel 4K PoE NVR with 2TB storage (expandable to 10TB), it delivers high-quality recording and reliable performance. The kit includes four 6MP AI turret cameras with advanced detection, including face, human, vehicle and perimeter alerts. Dual-light technology ensures clear day and night vision up to 30m. With PoE installation, remote access and IP67 durability, the KD004 is a scalable and dependable surveillance solution.

Features and Benefits

- » Complete Plug & Play Kit - Includes an 8-channel 4K PoE NVR with 2TB HDD (expandable), four 6MP AI turret cameras, and four 18m pre-terminated CAT cables for fast, hassle-free installation.
- » Advanced AI Detection - Intelligent analytics including human and vehicle detection, face detection, line crossing and perimeter protection for more accurate alerts and reduced false alarms.
- » Remote Access Made Easy - P2P cloud connectivity with multi-browser support, plus PC client and mobile app access for monitoring anytime, anywhere.
- » Smart Dual-Light Night Vision - IR and warm light LEDs deliver clear footage up to 30m, with full-colour night vision when required.
- » High Compatibility & Performance - Supports cameras up to 12MP with ONVIF (Profiles S/G/T) and RTSP, plus efficient ultra 265/H.265/H.264 compression.
- » Powerful PoE & Bandwidth - Built-in PoE with up to 75W total power (30W per port) and 80Mbps bandwidth ensures stable, high-quality video transmission.
