

# N Plug to N Socket Right Angle Adaptor 56MM-NPNS-RA

The NPNS-RA is a right-angled N male plug to N female socket adaptor made from a brass body with nickel plating and a gold-plated bronze contact socket. The NPNS-RA is perfect for tight spaces like bulkhead mounts behind racks and any other location requiring a right-angled adaption.

## Features and Benefits

- » 90-degree N-type adaptor for use in tight spaces
- » Standard 5/8-24 UNEF-2A thread
- » Made from Brass metal parts with a gold-plated centre pin and nickel-plated body
- » Teflon dielectric
- »  $\geq 500$  cycle durability
