

# SMA Crimp Socket for LL-LMR400 50 Ohm Cable

## 56MM-SMA400F

The SMA400F is crimp on SMA socket connector for to suit LL-LMR400 type cables. It features a nickel plated brass body with a gold plated centre pin.

### Features and Benefits

- » For use with 10mm OD 50ohm LL-LMR400 coaxial cables
- » Impedance: 50Ω nom
- » Nickel-plated brass body with nickel-plated crimp and gold plated centre pin
- » Suitable up to 12GHz
- » Designed for crimping using hex 10.7
