‘F’ Female to IEC (PAL) Male Adaptor (10 Pack)

DA-A2H

The DA-A2H is a ten pack of ‘F’ type female to IEC (PAL) male adaptors, which adapts any ‘F’ type male connector to a PAL male connection. In addition, the DA-A2H can adapt lead ends ready for connection to IEC (PAL) female receivers (TVs, tuners, wall plates, etc.) or any other application where you need to convert an ‘F’ type male connector to a PAL male connection.

Features and Benefits

- Convenient ten-pack
- Used to convert ‘F’ type male connectors to IEC (PAL) male
- No tools required
- High-quality nickel-plated finish for long-life corrosion resistance
- Knurled non-slip grip for secure hand-tightening
