

24V DC Passive PoE Injector For RG-EST350V2 Bridge with 10/100/1000 Mbps LAN Port (No Power Cord)

RG-EST350-PSU

The RG-EST350-PSU passive PoE Adapter is purpose-built to power the RG-EST350V2 Wireless Bridge, delivering a 24V passive PoE supply for reliable, high-performance operation. Please note that it utilises a non-standard passive PoE configuration; connecting it to a standard PoE device may result in device damage.

3-Year Manufacturer's Warranty
